

Amanda Green

Amanda Green is a Tree Fruit Specialist with the Ontario Ministry of Agriculture Food and Rural Affairs in which works on extension of apple and pear production knowledge and transfer of technology; conducts applied orchard research trials, collaborates with university researchers and acts as a liaison between government and pome fruit stakeholders. Ms. Green completed her M.Sc. from the University of Guelph in the Department of Plant Sciences in 2014. She completed her B.Sc. in agriculture science from the University of Guelph in 2009. Since graduation she has held various government agriculture positions in Ontario and Newfoundland and Labrador covering the following specialities: weed management in horticulture; tender fruit and grape; and general agriculture development in remote Northern areas.
