

## **Andres Hurtado**

Andres Hurtado is the co-founder of Terranova UAV, a Canadian company based in Toronto that provides precision agriculture services using drones. Andres is an entrepreneur with more than 12 years of engineering and project management experience. He attained his Bachelors in Chemical Engineering at the University of Antioquia in Colombia in 2007 and holds a Masters of Business Administration degree from the Ivey Business School at Western University in 2015, where he completed a certification in entrepreneurship. During his time at Western, Andres taught and coached undergraduate students in entrepreneurship and business at the Baikal State University in Irkutsk, Russia as part of the LEADER Project, an Ivey Business School initiative to support economic development overseas.
